AWARENESS: SUCCESS IS AN INSIDE JOB! | Elona Sanders

STEP ONE AWARENESS

It's All About You... Success Is An Inside Job!!!

WHY ARE WE HERE?

- Because you know there is so much more to you than what you have seen
- There is a call on your life that you know you must fulfill
- You are tired of going around in the same circle/cycle
- You want to break some life-long habits
- You are ready to take leaps of faith and leave your current circumstances far behind.
- You want to know that you are stable, secure, and significant
- You are ready to redefine yourself.
- You are ready to see yourself as God sees you

WHAT IS SPIRITUAL SUCCESS™?

It is the masterful balance of inner and outer intentions along with energy management through imagination, thoughts, feelings, and actions. It is having the inner foundation in place for the outer manifestation of what you are creating to appear.

Step One: Awareness

- It is the beautiful, radiant reflection of God working and being seen through your life, ministry, or business.
- It is you living out of your divine nature.
- It's about you and the Father being one.
- This is your Christ Consciousness being demonstrated to the world.
- It is the acknowledgement of being divinely aligned with your true purpose.
- This is you finally being o.k. with your unique SELF!

What does it mean to be aware?

The dictionary defines it as:
Having knowledge; conscious; cognizant: *aware of danger, to be informed; alert; knowledgeable.*

Our first step on the journey of Spiritual Success is to become keenly aware of who you are at your deepest or highest spiritual level. The technique I've developed to help you grasp this concept is called "SASS™ (Strongest Authentic Spiritual Self)." Once you discover your uniqueness, you will bring your SASS™ into everything you do. This should become your natural/spiritual state of being.

Step One: Awareness

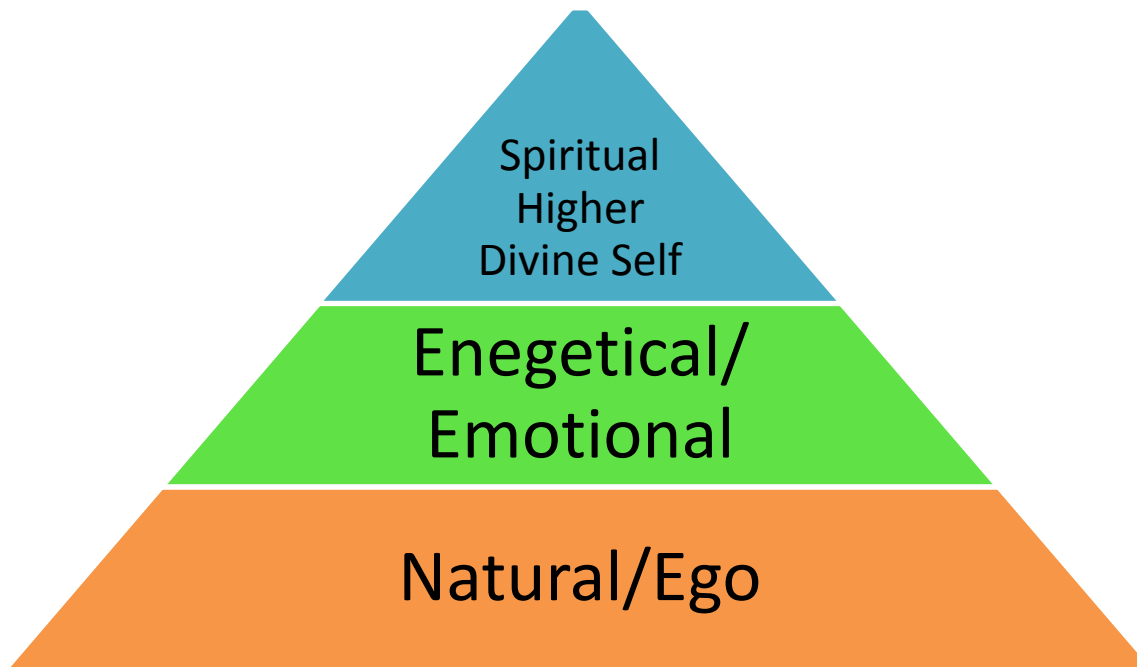

Understanding this concept may be a little foreign to you. But, I guarantee you that if you keep an open mind and allow the Holy Spirit to assist you, your life will open in ways you never thought possible, you will begin to take quantum leaps! But before we dive into that, let me lay a foundation that will allow all of us to be on the same page and start from the same “jumping off point.”

My sole purpose and goal is to dedicate and commit myself to helping Spiritual Leaders break free and stay free... or get delivered and stay delivered... When I use the term deliverance, I am talking about being empowered to live your best life.

My formula for deliverance is: 1/3 is escaping the bondage of the enemy or your own imprisonment (As you will understand more as we go on) and the other 2/3 of deliverance is staying delivered though being empowered and going on to destiny fulfillment. (DED.) Deliverance, Empowerment, Destiny fulfillment.

3 LEVELS OF AWARENESS

There are 3 levels of awareness I want us to explore as we lay our foundation. The more you purposely open your natural/physical eyes to become aware on various levels you are actually preparing your consciousness to awaken on a higher level.

Where is Your Level of Awareness?

LEVEL ONE:

The first level is the Natural or Egotistical Self.

This is the level most people find themselves. You can live your entire life and never proceed past this level. Let's take a look at what this level of awareness will produce.

The Ego-self is concerned with Self preservation. Notice the following according to Dr. Wayne Dyer.

THE EGO (EDGING GOD OUT)

I. I AM WHAT I HAVE

1. It will tell you that you are not perfectly divine
2. You are what you have

Step One: Awareness

- a. Cars b. Bank Accounts c. House, etc.
 - d. The more I have the more valuable I am.
3. Our culture emphasizes more and the more you get the more you will be consumed with how do I protect what I have? You are fearful of losing what you have. You become preoccupied with how can I get more?

If you are what you have--then if it all goes away--who are you?

II. I AM WHAT I DO

This is all about your achievements. You are consumed with your success, and your value. You continue to strive for more and more promotions with a very strong competitive edge, etc. Being number #1 somehow gets translated into I am better because of my achievements.

You will cheat, rob and cut throats to get where you want to be. Without your achievements or success you don't know who you are. There is nothing wrong with a healthy dose of ambition. This goes far beyond that.

III. I AM WHAT OTHERS THINK I AM

I am my reputation. People that can easily get caught here are:

- Young People
- Women—I am a wife, mother, daughter, etc. Woman especially must be aware of a calling. There is more to you than a title. Don't ignore your calling.

IV. SEPARATION... A STRONG PART OF THE EGO SAYS, "WHO I AM, IS SEPARATE FROM EVERYONE ELSE.

- A. I am separate from everything that is missing in my life. I am separate from all I desire to have. Everything I desire is outside of me

Step One: Awareness

- B. I am separate from God.
- C. The ego mind feels that its job is to protect you by keeping you safe (small, hidden, in the shadows)
- D. It is fearful and full of suspicions
- E. Keeps you living in the past and afraid of the future

LEVEL TWO:

Soulish- Mental/Emotional/Energetical - Self

Not being aware at this level will keep you in a state of confusion, hysteria, depression, frustration, and you continually sabotage yourself. The following takes place on this level.

- You tend to hang out vibrating on lower level frequencies... Such As:
- Boredom, Pessimism, Frustration, irritation, impatience, overwhelm, Disappointment, Doubt, Worry, Blame, Discouragement, Anger, Hatred, Bitterness, Revenge, Insecurity/Guilt, Unworthiness, Jealously, Envy, strife, Unforgiving, Shame, Fear, Grief, Depression, Despair, Powerlessness. (28)

Becoming aware of this level and learning how to manage it will cause the following to be your daily Energetical state

- The Opposite:
Joy, Love, Appreciation, Gratitude, Faith, Trust, Passion, Enthusiasm, Eagerness, Happiness, Positive Expectation/Belief, Optimism, Hopefulness, Contentment. (15)

LEVEL THREE:

Your Spiritual - Divine self.

Many people that are “Saved”, in church, devoted to religion can live and never really tap into this level of awareness.

The goal is to increase your level of awareness until you begin to experience an awakening--A higher level of consciousness of who you truly are.
